Nancy,

I would like to tell you Thank You for the BEST Customer Service I have had in such a long time. Our company had a rush order that we needed in 4 days. After we placed the order our customer called and told us they need the order in 3 days. I called you to see if you could help us out with such short notice, but I must tell you I was prepared to lose the order, oh and by the way, this was our first order with your company.

To my amazement I did not get the answer I was prepared for. Your answer was YES! It could be done.

Thanks for all of the Great Customer Service. You now have 1 more new customer on your team.
