Danvers, MA

With the vast numbers of manufacturers that are soliciting our business, we have remained a loyal customer of Artistic Toy for over 12 years.

Why? Simply because, at Artistic, we get great, personalized customer service; a willingness to work with us in developing new and creative items; producing quantity products at competitive prices and delivering on time. They do not just promise, they deliver on their commitment. What more could a distributor want? Nothing! Just keep it up!
